

How to buy in bulk

1

Fill container with as much as you need.

2

Write the PLU # marked on the bin, using provided supplies. (Masking tape twist ties, and markers.)

3

At checkout, a cashier will make sure you don't get charged for the weight of the container!

You're making a significant environmental difference by buying in bulk. Bulk products are usually less expensive per ounce (you're not paying for that packaging or advertising).

1

Weigh the clean empty container.

1.12lb

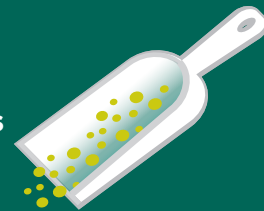

2

Write the tare weight on your container, using provided supplies. (Masking tape twist ties, and markers.)

3

Fill container with as much as you need.

4

Write the PLU # marked on the bin, using provided supplies. (Masking tape twist ties, and markers.)

5

At checkout, a cashier will make sure you don't get charged for the weight of the container!
