

# GENERAL MANAGER REPORT Anya Firszt, General Manager

a.firszt@willystreet.coop

Hello Dear Owners,

Last year was about change and unrealized budgetary goals; it was not just business as usual.

Early in the fiscal year, staff voted in favor of union representation by the United Electrical, Radio, and Machine Workers of America (UE). This began our six-month journey negotiating a collective bargaining agreement with the UE, which resulted in a ratified contract on March 16, 2020. I want to thank and recognize the Site Directors and UE Collective Bargaining Team for working together to successfully negotiate our first union contract. This change in our operation is a good change for staff.

The second week of March, we were faced with more potential change. We began to reexamine and change the way we were doing business to address the health and safety of staff and customers in light of the coronavirus. And, change we did. Nearly every aspect of our operation changed in some way to address the health and safety of our staff and customers in order to stay open for business. These changes in our operation were hard, but necessary.

Special thanks to the retail floor staff, our managers, and technical staff for providing essential services so that we could remain open for business. We owe them a debt of gratitude for their dedication and determination.

Then, on May 25, George Floyd, a
Black man, was murdered by police in
Minneapolis, which sent a wave of civil
unrest throughout the country and sparked
protests against police brutality and systemic racism. With all our nimbleness and
ability to change the way we did business
with regard to COVID-19, it was clear that
we have not eliminated organizational
racism in our Co-op, and we need help
to do this work.

At the end of the fiscal year, we began working with a local outside consulting

firm, Step Up: Equity Matters, to help us with this work. They will provide an organizational equity assessment, facilitate an Equity, Diversity, and Inclusion strategic plan to prioritize initiatives, support plan implementation with a focus on change management, and design and implement a training program to recognize, own and disrupt individual and organizational biases.

The results of our work with Step Up will guide our strategic priorities for the fiscal year and into the future. I am listening and committed to making our co-op a place where "everyone welcome" is a reality.

Throughout all of last year, we struggled to achieve our budgetary sales goals, and sales are what makes everything happen. Our sales were under budget by \$2.1 million, and expenses up due in part to the operational changes because of the coronavirus, which resulted in operating losses greater than budgeted at \$1.4 million.

We have seen tough financial times before, and we have successfully changed various aspects of doing business in order to turn things around. We will continue to review areas of our operation to gain efficiency or provide cost savings.

Thank you for your continued support and being part of the journey; we would not be here were it not for you.

### Here's to another 46 years!

Dane Arts Mural Arts, community groups, and Co-op Owners worked together to paint a mural for the front of Willy North.

# BOARD OF DIRECTORS REPORT **Jeannine Bindl, Board President**

board@willystreet.coop

Fiscal Year 20 (FY20) was an unprecedented year. We have heard this often in the past few months. Most of the time "unprecedented" referenced COVID-19 and social unrest, but we were fortunate enough to have a few positive highlights as well.

The Board's Policy Committee started FY20 with an in-depth review of our Co-op's bylaws. (The Board uses Co-op bylaws as a set of "rules" established by Owners to guide how the Co-op is run.) Owners were invited to submit comments, either electronically or in person, on the first version of revised bylaws in January of 2020. Suggestions were discussed and a second revised version was presented to Owners on the ballot in July. We are pleased to report that you approved our suggested revisions to the bylaws. Thank you!

Our staff voted to unionize! The collective bargaining process took about six months to complete; typically, bargaining the first contract takes about a year. Congratulations to everyone involved on the successful bargaining of a first contract.

Another great thing that happened in FY20: our Co-op was able to provide grants to 12 local organizations via our Community Reinvestment Fund. All of the organizations funded had a focus on reaching out to underserved populations, creating jobs or developing job skills, and fostering social engagement. Seven of the awarded grants went to supporting extensions of current programming and five grants were awarded to organizations starting new programming. The average grant amount was \$2,138, totalling \$25,000 reinvested into our community. Even more exciting, this is a fraction of what we as a Co-op community were able to invest in our community during FY20.

We would be remiss if we did not visit other significant events of 2020. Between the global COVID-19 pandemic and our coun-

try's increased awareness of racism in America, this has been a year full of challenge and growth. Our Co-op staff worked hard to find innovative solutions to the challenges faced by retailers. As a result, our community has continued to have the opportunity to shop and invest locally. Please join us in thanking our Co-op's staff for all they have done and continue to do.

Finally, we would like to reiterate the Board's commitment to addressing racism in our community. The Co-op has engaged Step Up: Equity Matters. Additionally, many Board members have embarked on individual learning as well. We are all committed to doing the work of becoming aware of our biases so that we are able to support changes in our organization and larger Dane County community. We invite you to participate in this work in your own space as well.

As always, thank you for your support of our Co-op. We appreciate the opportunity to represent you on the Co-op's Board of Directors.

board@willystreet.coop (Board only)
or allboard@willystreet.coop
(Board and some management).

Willy West hosted the World's Largest Display of Fair Trade Produce: 6,000 individual avocados and roughly 12,508 bananas, totaling 18,508 pieces of fruit at 5,740 lbs!

Co-op Principle #6 is "cooperation among co-ops," and that was demonstrated by our partnership with Union Cab to help us deliver groceries during the pandemic.

In early February, Willy North was fortunate to host Sherman Middle School GSA for a late breakfast, a tour, and some activities. North Owner Resources Coordinator gianofer fields talks about what's in a package of soup and encourages the students to find ingredients they could use to make their own from scratch.

One of Co-op Owners' favorite class instructors, Chef Paul Tseng, presented a series of cooking segments on News 3 Now.

Northside Planning Council, Wisconsin Women's Business Initiative Corporation (WWIBC), and Willy Street Co-op were three of the organizations to win Dane Buy Local Biz Awards this year. Your Co-op won in the category of Family Wellbeing.

A Monona Grove High School digital art class very kindly created some thank-you cards for the work of Willy East staff during the pandemic.

# GVING BACK CHARITABLE GIVING AMOUNTS BY TYPE:

"Abandoned equity" is Owner equity paid to join the Co-op that is unclaimed or donated by Owners who leave or do not shop at the Co-op for at least three years. By law, funds are donated annually to a charitable fund. "Operations" refers to money budgeted as an expense for the purpose listed.

### FINANCE REPORT Paige Wickline, Finance Director

p.wickline@willystreet.coop

The audited financial statements show an operating loss of \$1.4 million dollars for Fiscal Year 2020 before our federal income tax entry that reduced the loss to \$1.1 million. We had budgeted for a small operating loss of \$100,000; our loss was much larger because our sales were under budget by \$2.1 million and our expenses were greater than budget due to COVID-19. This translated to operating losses that were \$1.3 million greater than planned.

Your Co-op did receive a Personal Paycheck Protection (PPP) loan in April through the Small Business Administration based on two and a half months of wages and benefits. We used 100% of the funds to pay for payroll and benefits per the guidelines for the loan. We had used all of the funds over a 10 week period from the middle of May to the end of July. These funds provided the cash needed to:

pay for wages and benefits to keep our retail stores open

expand labor for our online delivery and pickup service

re-open our Production Kitchen

offer a limited time hazard bonus to our employees at the retails and the Kitchen

Our balance sheet shows a strong cash position which will provide the liquidity to carry us through the pandemic and economic recovery. These funds will be used to provide operating cash for our Co-op, and debt repayment. Our Co-op requires around \$2 million in cash on-hand to be able to meet our operating needs for payroll and payments to our vendors. The funds will also cover our annual debt repayment which includes any portion of the PPP loan that is not forgiven, installments on our loans with Summit Credit Union and the \$540,500 in Owner Bonds coming due in the summer of 2021.

Per generally accepted accounting principles (GAAP), the PPP loan is reflected as a liability on our year end financial statements. We will file for forgiveness by the end of the calendar year and anticipate the portion forgiven will reduce our anticipated operating losses for the current year.

The safety of staff and customers continues to be our top priority. Our next priority is the financial health of our Co-op. The Co-op's goals are to keep all of our locations open and have adequate cash to pay our obligations including payroll, vendor payables for the products we sell, and debt payments to Owner Bond holders and Summit Credit Union. The future economic outlook is uncertain and the recovery will be slow and extended, so we need to much more closely monitor our expenses and align expenses with current sales revenue—all while the COVID-19 pandemic continues in our community.

Thank you for your support and interest in our Co-op.

The Balance Sheet, which provides a snapshot of the Co-op's resources (assets) and the financing of the resources (liabilities + equity), reflects the financial stability of the Cooperative. Liabilities are our obligations to creditors (banks, vendors, employees). Equity is comprised of our Owners' contributions via Fair Share payments, retained patronage refunds and unallocated earnings. We round to the nearest decimal or dollar.
